Summary

Motivated Junior Back-End .NET Developer with a solid foundation in web development and 6 months of practical experience gained during an internship. Proficient in C#, JavaScript, HTML, CSS, ASP.NET, Entity Framework and Dapper with a strong grasp of database management using SQL. Demonstrated ability to collaborate effectively within development teams and contribute to the creation of scalable and efficient back-end solutions. Eager to further develop my skills and take on new challenges in the field of .NET development.

Work Experience

C# Backend Developer, VSG, Plovdiv

March 2023 - September 2023

- **Programming Languages:** C#
